Dear Caroline

RE: BITCERT CERTIFICATION

Well done to you and the team on meeting all the requirements of the **Sabita BitCert Certification Scheme**. Your certificate and flag will be posted to you under separate cover and we trust you will display it with pride. The certificate is valid until November 2023.

I am sure you understand that as an industry body, we depend on our member companies to continually drive excellence and your certification has proved you and your team's commitment to this. We recognise the hard work and all the effort that has gone into obtaining this certification and we want to applaud you.

Once again, congratulations to the team at Alrode for the superb effort!

Yours truly,

M. Saied Solomons (CEO)
